

Reservations

Services are available by appointment.

Consultations

Consultations are \$50 and can be applied toward any product or service.

Cancellation Policy

Skin has a 24 hour cancellation policy. A \$50 service fee will be charged for missed appointments not cancelled or rescheduled 24 hours in advance.

Return Policy

In the event that a client is not satisfied with a skin care product, it can be returned within 30 days of purchase with documentation.

Service packages and pre-paid treatments are not subject to refunds. If a client is not satisfied with an un-rendered, pre-paid service, the remaining balance can be used towards other services at **Skin**.

Privacy Policy

Skin and **vail dermatology** take privacy seriously. We ensure that the staff will not discuss client treatments with any other clients.

Gratuities

Skin is a medical facility, and gratuities are not customary. The best gratuity we can receive is your repeat business and referrals.

BOTOX® and FILLERS

Injectable treatments, performed by Board-Certified Dermatologists and highly trained Dermatology Physician Assistants, can soften lines, reshape facial contours, and rejuvenate your skin.

Botox®

Pricing depends on treatment area

Botox is the #1 cosmetic procedure performed in the United States. Botox is safe and predictable, relaxing muscles that cause lines in the face. Originally used only in lines between the eyebrows, Botox can now be used to reduce lines around the eyes, on the forehead, around the mouth and in the neck.

Juvéderm® and Restylane®

Pricing depends on treatment area

Juvederm and Restylane are safe, long-lasting fillers that can soften folds around the mouth, plump lips, and soften facial contours.

Radiesse®

Pricing depends on treatment area

Radiesse is a safe, long-lasting filler used for deeper folds around the mouth, in the jowls, and to provide cheek augmentation.

Sculptra™

Sculptra is approved by the FDA to correct signs of facial fat loss and restore youthful contours.

SCLEROTHERAPY

Pricing depends on treatment area

Sclerotherapy can be used to quickly and safely rid unwanted veins from the legs using an injectable solution.

LASER TREATMENTS

Change your skin using the latest technology to improve pigmentation, redness, sun damage and skin texture.

Photofacial

Starting at \$100 depending on body area

Photofacials using Palomar StarLux® technology target brown spots, capillaries and uneven skin texture. Photofacials can be done on any part of the body to even skin tone. Skin cannot be tanned for your safety

Laser Hair Removal

Starting at \$90 depending on body area

Laser hair removal using Palomar StarLux technology targets unwanted hair on any part of the body ranging from upper lip, to bikini, to back and neck hair. Laser hair removal can be used on any skin type and is appropriate for men and women.

Fractional Resurfacing

Starting at \$150 depending on body area

Fractional Resurfacing using Palomar StarLux technology heats collagen within the skin to cause rejuvenation and cellular regeneration. Fractional resurfacing smooths acne scars, improves deep pigmentation and improves fine lines and wrinkles while tightening the skin.

Levulan® Photodynamic Therapy

\$200 plus cost of procedure

Levulan Photodynamic Therapy uses an FDA approved medication to repair sun-damaged skin. Levulan targets pre-cancer cells and improves skin tone and texture.

MICRODERMABRASION

\$120 each, package of 6 = \$600

Manually exfoliates your skin, leaving it glowing and healthy. Helps free pores of debris to improve texture, tone and mild sun damage.

FACIALS

At **Skin** we perform result driven facials, with the goal of improving your skin. We pride ourselves on being experts. If you don't know which facial will be best for you, consult one of our knowledgeable staff members.

Medical Facial
